The Asalu lunrus that no regulations will be most singure and general regret. issued with regard to contraband of war. Contraband of war carnot be clearly defined, for the same goods may or may not be contraband according to circumstances. Moreover, should Japan definitely proclaim cartain articles to be contraband, she would have to undertake a very serious task. For as the law, if ones issued; should be efficacionaly carried out, it would be necessary for Japanese war yeasels freely to exercise the right of search over foreign vestels in the China sea. This would be attended with various troublesome complications with foreign Powers which should rather be avoided at present even at the equally uninformed expense of isourring more or loss disadvantage on that account, for the muritime power of the country had better be employed alsewhere, it other more important purposes. Weedless say, however, that even though regulations of the kind be not promulgated, any neutral ship discovered to be supplying China with articles roquired in war would be seized by the Japan se warships, lu necordance with recognized principles.

By the courtesy of Meses Jardine, Matheson and Co. we (Mercury) are able to present to our reacters the contents of a lotter received by them rom their Cientein sgent, referring to the poples for the Shanghai Fall Baces. From this it will be seen that the authorities in Tientsin would not permit any punies to be shipped to Shanghai, evidently fearing that they might be shipped to Japan to mount their proy. It was only after Mr. Cousins gave a written desgrapon that the ponios were intended for racing and other ordinary purposes, that Shenk Tootal limitly showed them to be shipped Then Tantai, after considerable persuation, gare a reluctant consent to the shipment of the 70 ponies now to fi utsin, on the condition that not sceeding 20 should be forwarded by my one ateamer, and, upon my written assurance that the poules are intended for racing and other ordinary purposes at this The Kolik refers to the appointment of a port. The dealers quite understand that no

with Mr. O'Conor on Saturday last The Diplomatic and Consular authorities are discreetly gitent, but it is quite clear that they are all contemplating the possibilities as well as the probabilities of the situation. The British. French, Gorman, Russian, and American Ministers have argently applied for guaboute at Tientsia, a very wise precantion, and one only coluted to obviate in the best manner the dunger they fear. By the end of this week the Bund will be graced with the Lion, Walf. Linnet, and Sirouch whose united crews will make an aggregate of 350 mon I used when his home shied. The Arabduke wes marks on the subject made to day, the Adminishardly add that the contingencies feared are social and anti-dynastic movements abould China meet with any serious check. In the presence of mobilew Chin we authority is evapos up the Archduke was unconscious. He had some degree of huste is to be shown. cent, and our officials are wise in taking procantions of their own, notwithstanding the constant assurances of mative officialdom that they will protect the for gapes. I may add that amongst intelligent Chinamen in Tientsio there is a strong belief that Japan is being secretic supported by foreign powers (the dual alliance); to the Chinesanthis atterly incredible that such a power as if the would dare by her- the Arolduke galloped forward and attempted Admiral Kirkland on board. At this place the telf to attack Ching Orientals generally coufound numbers with streng b, and their wishes and hopes with facts

Extensive floods lu the Pel-le valley bave indefinitely enhanced the difficulty of approaching Tientsin. The river and the rollway are at present the only means of access. By the bye, the facilities effered by the latter to the movement of troops has profoundly impressed the Government, so much so that they are countering a wild subcure for madaing on a light road because the fearful mmmor rams over the pros-

postive couls no mainten the half think un un sleavored track would disappear.

The Chinese authorities here received telegrams that 20,000 Japaness; had landed year the Chingschoop River, in lat. 39.40 N. that is between the main body of Chinose meer Plagyang (lat. 29.10) and their reinforcements now posting south from the Yala river. This sagns in itself very probable, and will explain the naval twolve days ago; those demonstrations were evidently to mask the movements of troopships; and draw Chinese attention away from Koron. Mr. Von Hanneken has left Tientaine destination got known.
